The Lunar Return: Introduction

Astrology can provide many valuable panoramas as you move through this world, from a lifelong overview to the snapshot of the opportunities available in a single instant. The view you get depends upon how far back you pull from the subject and thus how much your eye, so to speak, can encompass. It's all in how you frame your picture. The closer to the subject you get, the greater the detail - the farther away, the larger the scope. The natal horoscope with its transits and progressions can, for instance, give you a view of all the days of your life, painted with a broad brush. Or, the sweep of the heavens in the instant of the moment can portray where you're at right now. In the middle, the pictures of the coming month or the coming year are available to you in the form of lunar (monthly) and solar (yearly) returns.

What Is A Lunar Return?

Your Lunar return is the monthly chart of the instant the Moon in the sky returns to the exact position it was at your birth. It's kind of a monthly birthday, and the arrangement of planets it displays reflects the patterns of your coming month. Each month, this re-birth-day works out its potential for you and then is renewed once again 27 1/2 days later with a new set of surprises and opportunities.

How Does It Work?

Like your natal chart, or any other kind of horoscope, a Lunar return is a chart of a beginning - in this case, the monthly beginning of the lunar cycle that started at your birth, which is the cycle of your response to your environment, including your emotions, feelings, interactivity, social well-being, and generally how creatively you react to the challenges and opportunities of life. It works on the principle that when you begin something - anything - everything that flows from it is bound up in the initial conditions under which it started. The beginning is your foundation, and you build and rest upon it until you are finished. A Lunar return is the astrological depiction of the new beginning you make each month and what results from it until the next cycle begins.

Well Begun Is Half Done

"The beginning is half of everything," said the ancient Greeks, and so your monthly beginning is something to be taken seriously and honored, if you want your lunar month to have a good start. Thus, give yourself a little time and space to rest and meditate if you can in the few hours surrounding the time of your Lunar return each month. Take the time to think about what lies ahead, plan your strategies, and gather your resources so you can make the best of what's offered. Look over the aspects in your Lunar return chart and the days and times ahead where they individually kick in. Once you've got a calm picture of the challenges and openings to come, you can rise to seize the day, one moment at a time, and make the most of the month.

Pieces of the Puzzle

The Lunar return is a large piece of the astrological picture of what happens with your life every month, but it is not the only one. Lunar transits, New and Full Moons, and other factors also weigh in, so they have been included in this report so you can have a more complete picture of what to expect

and what you have to work with. You should remember, however, that factors whose timing is as short as a monthly cycle are more like the minute or second hands on your life's clock face. Don't forget to stand back every now and then and refresh yourself with the big picture of where you are and where you're going, which are described by long-term transit and progression cycles. After that, you can get back down to the day-to-day nitty-gritty which the Lunar return offers and know that your focus is tracking and every moment is enjoyed and utilized to its best advantage. With that in mind, read on and launch yourself into the coming month with the wind at your back and the planets racing by your side...

Your Personal Lunar Return

Your Lunar Return Chart for September, 2004

Your Lunar return can be read in a manner similar to many other types of horoscopes, except that in doing interpretations it must be kept in mind that it has an unusually short life. The chart is only in effect for 27 1/2 days. I have taken into account the most important factors of the Lunar return.

Sun

You will likely spend a good deal of time attending to what is said and thought about you this lunar month. Your reputation has great impact on how and where you succeed, so it's worth going out of your way to tend to it. It's not an ego thing, just prudent attention to publicity both professional and personal, a good time to reinforce a positive image on the world. People judge you from afar without actually meeting you, based on what you have previously done - or just as important, what it is said you have done. It's a good time to sort out one from the other, so you will be able to deliver what is expected of you in the coming lunar months. Don't be shy about self-promotion, just make sure it has substance and delivers something you (and others) can bank on.

Sun in Tenth House

Ambition and leadership join hands this month and great strides can be made in pushing an agenda to its conclusion, because the amount of energy and aggression to support it will be relatively boundless. Kept within proper bounds, that can lead to success and achievement. Pushed to excess, where you may in your enthusiasm and excitement roll over the opinions or desires of others without due consideration, this tendency can backfire. If you win a victory, do not push on to further damage the opposition, as that wastes energy and shows lack of restraint, neither the qualities of a leader. Use any leftover get up and go to consolidate gains only, and beware going a bridge too far.

Sun Conjunction Mars

Moon

You may find that your inner feelings and reactions are coming at you out of the mouths of others this lunar month. Don't look at it as strange or invasive, but rather an opportunity to see yourself as others see you. Taking emotional cues from a partner will also allow you some inner R & R and time to get back in touch with yourself by leaning on another. Shared feelings produce more mileage than inner brooding, and opening your heart to others can be the key to opening up your life and its possibilities.

The ability to know is entirely dependent upon the ability to listen well. Open up your ears to others' worlds and expand your own universe. It's a free ride...

Moon in Seventh House

You may find that personal issues can cloud your attempts to better yourself in the workplace, and what is said about you doesn't correctly represent what you really do. What people see is not necessarily what they get and you will have to make sure that your talents are not inadvertently underrated. Similarly, it is easy to confuse what a person does with what that person is, so any and all attempts to keep an appearance of professionalism and avoid getting personal are in order. Right now, work and play don't mix very well, so keep them well apart to avoid misinterpretations or entanglements that can slow down your career progress. Don't spread, or believe, rumors...

Moon Square Midheaven

Ascendant

You may never find out exactly what this month was about, because it is characterized by forcefulness and deeply hidden agendas that elude exposure. You can get your way by sheer might, but one power play will evoke another, so patience is the better path. Profound change is underway, but not on the surface, so retreat and avoidance may be the recommended strategy until the change is over. What you can't overcome, don't try to. Back off and it will move on by itself. The essence of transformation is not to fight it, but allow it to happen. If the best you can hope for is a Pyrrhic victory, sound retreat with honor. Avoid sacrifice, conserve resources, and await change.

Ascendant in Scorpio

Mercury

Brilliant ideas about how to promote yourself and better your position in life are the order of the day, as you get a better view of what others are saying about you and where you stand in relation to the rest of the world. Clever career decisions come to mind as you sort out what's paying off for you and what's not. This is a great time to overhaul your resume or CV and make the most of your accomplishments, including ones you may not have been using. You can do more than you previously thought and now's the time to advertise it. If you run a new flag up the pole, this is the season when it's most likely to get a salute.

Mercury in Tenth House

Venus

If you try to develop a broad sense of well-being, you'll find it surprisingly easy to connect with the higher principles of life. The miraculous way the world is put together is at your beck and call, just look up. Most particularly, you'll find yourself pleased with the way you fit into the picture and the opportunities open to you that were there all along but overlooked. Open yourself to new cultures and beliefs and you'll come away changed. Major travel and exploration, whether in the inside or outside world, is particularly beneficial. Launch out into the deep, and it will bear you up.

Venus in Ninth House

This is a good time for the development of resources and having a very enjoyable social time. Merriment and jollity can be pursued without fear of intemperance, because it's done in a social context where good company is more important than self-indulgence. Throughout, that's the theme - sharing the wealth, one for all, all for one, the rising tide floats all boats. It's really a time to learn the lesson that greater prosperity comes from creating win-win situations, not from looking out for number one. When one hand washes the other, everyone cleans up. Further, when you don't put the pedal to the metal, you get better mileage.

Venus Sextile Jupiter

Doing more with less can be a theme now, offering lessons that will increase what you get later by learning to harbor your assets better. The essence of the situation is not usually real want, but spare resources compared to the needs of the job at hand. You could be short a nickel or a million, and the principle is the same: make what you've got go further. In another sense, it means you can't always get what you want, so learn to make do and make it better, whether it's economic or personal needs that are concerned. This has the effect of intensifying desire through delayed gratification, so when it finally arrives, you savor it all the more.

Venus Conjunction Saturn

Mars

Turn to your friends for inspiration and support and you'll find the extra energy there to pull you through any situation. It's a good time for intimate get-togethers with dear ones to kick relationships up a notch and cement what's already long-standing. Similarly, you may find strong support from above, both moral and substantive, which will come in the form of an unexpected favor. Eschew arguments because you'll be preaching to the choir and they don't need the aggravation. Instead, lay back into the harmony and surf the waves of friendship all the way to the beach - or to the bank, as it may happen. You should choose the position to steer and motivate, let others run the engines.

Mars in Eleventh House

Don't bring a knife to a gunfight, or a rifle to a bombardment. The temptations to mismatch levels of power is great and can only end up with someone on the ground, so to speak. This is really a bad time for confrontation, because you don't know your strength or your opposition, and you're likely to waste energy and then be overcome when you're out. False and pointless statements can try to resolve forcibly what otherwise could have been done by diplomacy or avoidance. Aim is poor, ammunition is great - what a wasteful mix. This is a time to seek out more peaceful solutions, even though you think you've got 'em in your sights. You'll gain respect for it, and avoid a fall.

Mars Square Pluto

Jupiter

An expanding circle of friends can be your biggest resource during this period, so take advantage of all opportunities to hobnob with the best. Mixing with those who can be of especial help to you is very much in the cards if you are willing to go out there and do it. Don't be shy - you've got to try if you want to fly. It's a good time to be especially generous with your close friends, as they have been what helped you get where you are, and they are there for you when you call. Building on that intimate base

will only help shore up the foundations of your success, especially when it takes allies to get the job done. No man, or woman, is an island - hand in hand is the way to proceed.

Jupiter in Eleventh House

This year is what might be termed a time of profit-taking and cashing in on positions you have taken morally and financially and of establishing newer and more solid structures on which to base both your income and your moral life. It is a time to dispense with prejudice but not abandon caution, to reach out to others but without selling out to them. This is the overall background on which your personal life is being played, so you will have to roll with it where necessary, though you may not now, or ever, be in the thick of it. If you are aware of the larger picture going on around you, however, you can only benefit from the trends you find yourself immersed in.

Jupiter Sextile Saturn

Saturn

Grand ideas and sweeping generalizations are not of much use right now - you're better off getting back to basics. Greater demands will be put on your sense of right and wrong, so the more in touch with yourself you are, the more you can rise to the challenge. You'll be better off working from fundamentals that don't brook argument, as excuses won't be tolerated, or shouldn't be. Stay out of the courts, stay relatively close to home, and work on making what you've got better. No frills, just what applies and no more. Get your feet on the ground and keep them there for awhile, speculation and flights of the imagination can wait until you've redefined your bottom line. Omit needless words, don't repeat yourself. If it's sufficiently simple and streamlined, your point will get across. If not, trim it.

Saturn in Ninth House

Uranus

Try not to stray too far from home, because you may suddenly be called back there to tend to a new situation that has unexpectedly arisen. On the physical side, check your smoke alarms, burglar alarms, lightning rods, and other safety systems so the shocks you get won't be catastrophic - then sit back and see what happens. It's bound to surprise you. On the personal side, you may find yourself in receipt of sudden epiphanies concerning the very stuff you're made of, visionary insight about what provides your stability in life. These may disappear as quickly as they came, so keep a pad and pencil handy to jot down what arrives for use later. Those "aha!" moments slip away too easily unless you tie them down.

Uranus in Fourth House

Neptune

If you get a lot of wrong numbers for a while, don't let it bother you. It's just fogged-out people who keep missing the buttons, of which you may be one. It's a great time to brainstorm with your buddies, "what if" being the central theme. Just don't insist on specifics, but let your mind run free and nail down details later, if your inventive solutions ultimately lend themselves to it. Better living through chemistry may help fuel it all, but remember to separate pipe dreams from hard plumbing in the end, for smoke rings and currents in a glass can lead you astray as well as inspire. Write down good ideas, as they will tend to escape you, and some of them could be the start of something really new and important.

Neptune in Third House

You may feel a certain softness of purpose that makes you turn inward to refocus on what your inner, personal bottom line is. That can mean taking a little time for meditation at home, reestablishing goals and dream you cherish which may have become neglected over time and need a little fresh paint. Although this may have the short-term effect of slowing down professional activities, in the long run it will shore up your confidence and resolve, fueled by freshly-shaped aspirations. Take some time to relax and let the mind wander, without specific pressures to produce or change, and changes will evolve and congeal of themselves by month's end.

Neptune Opposition Midheaven

Pluto

You may find money issues to form something of a battleground, and your use of them will give you a competitive edge. This does not mean you should use your financial clout, such as it is, as a bludgeon - rather, by supporting the cause you feel strongly about, you use your advantage for the general good. Similarly, expect forced plays in this area and be ready to pay your own way if challenged. This can transform your view of how you can use your possessions, but take care to avoid short-sightedness in procuring what you want at the expense of others. Temporary triumphs can come back to haunt you, and gracious generosity will be paid back manyfold, if you are ready to compromise.

Pluto in Second House

You should be relatively free from the slings and arrows this month, though should your reputation be challenged you will toss it off your back with ease. The essence of this ride is being supremely confident that the work you have done, the accomplishments you have made, and the people associated with you in your efforts are unassailable and will come through any gale unscathed. The very fact you feel this way and show it will in itself ward off provocation, though you should by no means use this as an opportunity to slough off. Rather, use your position as a platform on which to build more of the same, utilizing the support already in place for leverage.

Pluto Trine Midheaven

Node

New responsibilities in the workplace can tie you down this month, but only to the extent that you let them. Therefore, watch what you say you'll do, because chances are it will entail more than you think. Still, what you take on now could be the kernel of much larger things to come, so it's also an opportunity. Unasked-for favors are likely to happen behind your back, so don't expect to actually see some of the nicest things that happen for you, at least not for awhile. When you finally learn about it, you'll be pleasantly surprised. Watch out for other paybacks that might not be so agreeable, and don't be blindsided by those who do not have your best interest in mind.

Node in Sixth House

Featured Planets

For this month certain elements in your fundamental character will be emphasized both internally and externally. These will be the areas that most appear to represent you for the moment and that others will likely see in your personality. These are the areas in which you can put your best foot forward to make the most effective and gratifying steps ahead, providing your first line of challenges and opportunities embrace the world.

Sun Highlighted by Mercury

This highlights your fundamental energies that make your personality shine throughout the month and beyond. It will mean that events this month will to some extent revolve around your ability to demonstrate self-confidence and become a well of energy and inspiration for others. It is the opportunity for your self, the unity behind the sum of your parts, to take command and establish power and influence over your surroundings. That does not mean you will be lord of all you survey, but it's a sure step in that direction and will lead to confirmation of an expanded self-image that can only put you on a rising track, both on the inside and the outside.

Daily Events for the Month

As the Moon speeds on through the month, these are the times to look for specific events that activate these parts of your monthly picture and will offer times for making your best moves. There are forty-seven such events, and they repeat every month, but not at the same time or in the same order. Plus, the playing field and basic potentials of each month differ, so each of the basic transits has a different role to play every month, while retaining its core implications.

Each day is broken into specific parts. In order to get a full understanding of your Lunar Return Report, I'll explain each section.

- 1) Date
- 2) Which sign the Moon is in on that date.
- 3) Any time listed on the left hand side indicates the precise time that the Moon makes a change in position that will have an affect on you.
- 4) A description of what to expect or to consider on that given day.
- 5) "Issues and Accents" are general items to consider as the Moon brings them into your life.
- 6) You may see the occasional times where it says "Moon Void". This is a time where the Moon is changing positions and doesn't really have its "feet on the ground". It is generally considered a period unfavorable for tangible decisions that require solid support, but an excellent time for insight, relaxation, and reaching outside of confining boundaries.

Now let's look at your month ahead...

Sat Sep 4, 2004 **Moon in Taurus**
10:30 pm **Moon Void (Personal) Ends: Sep 05, 2004 06:25 am**

Sun Sep 5, 2004 **Moon in Taurus** (Enters Gemini at 06:25 am)
02:57 am **Moon Void Ends: 06:25 am**
03:49 pm **Moon Enters Natal 9th House**

This can be an ideal time for those long conversations and ambitious exploration of new mental and emotional territories. Your reach feels greater than before and you are only limited for the moment to what you can imagine, leaving the details for later. You can stand back and examine the big picture and chart your way through it. Travel broadens the mind, whether it be a physical trip or an armchair journey of the mind. Believe in what you conceive, and it will come true.

Issues and Accents: *reverence, intangibles, interpretations, learning, maturity*

06:33 pm **Moon Enters Return's 8th House**

Financial self-reliance is a goal, but sometimes it's better to gamble with other people's money than your own. A carefully-wrought juggling act of balancing borrowed stakes with retooling and refitting your own personal resources can serve you as well as gold in a safe deposit box. Extra baggage that you eliminate right now will make that whole process work more efficiently, so what you can't reclaim for reuse, spin off as gifts or collateral.

Issues and Accents: *repayment, enforcement, mortality, credit cards, trust*

Mon Sep 6, 2004 **Moon in Gemini**
07:09 pm **Moon Conjunct Natal Moon's Node**

Commitments undertaken at this time may last longer and require more of you than you now anticipate, so don't sign on the dotted line until you have read the fine print. And, don't casually say yes to something you don't really mean, because you may be held emotionally or financially accountable for it. This is a time to fine-tune your honor and become more closely aware of your emotional responsibilities, and realize just how much your behavior affects others.

Tue Sep 7, 2004 **Moon in Gemini** (Enters Cancer at 06:51 pm)
00:55 am **Moon Conjunct Natal Uranus**

The urge to think or act impetuously offers both risk and opportunity. A sudden change of direction or a new direction entirely can put you way ahead of the game, or get you thrown out of it. But, if it's within reason, fly with it and see what happens - nothing ventured, nothing gained. Don't be impatient with others who may not go along, and be ready to accept consequences, for good or ill.

Issues and Accents: *autonomy, disputes, peril, unrest, organizations*

10:45 am **Moon Void (Personal) Ends: 06:51 pm**
02:09 pm **Moon Void Ends: 06:51 pm**

Wed Sep 8, 2004 Moon in Cancer

06:57 am **Moon Enters Natal 10th House**

Professional considerations should be looked at and adjustments made to see that your name is recognized and respected among your peers. While your attention is on it, touch up that resume, touch up your image, and take some time to advertise yourself. Make mileage out of compliments and take credit where it is due. Follow up leads and don't be shy about blowing your own horn, as long as you can truly live up to what you promise. Time to wave the flag - yours.

Issues and Accents: *qualifications, glory, command, gains, landlords*

07:28 am **Moon Enters Return's 9th House**

Is your life cinema reality, or is there a plan? Now's the time to invent the latter or improve on what you've got. Dead reckoning can get you where you're going, but why not have a map? This is a good time for establishing the lay of the land, getting that aerial overview that confirms where you've been, where you are, and where you're going. You needn't rush off on the journey, just turn it around in your mind until you have a good grip on the possibilities it offers.

Issues and Accents: *relations, communication, speculation, in-laws, faith*

Thu Sep 9, 2004 Moon in Cancer

05:38 pm **Moon Void (Personal) Ends: Sep 10, 2004 07:07 am**

06:46 pm **Moon Conjunct Return's Saturn**

Setting limits and downsizing some of your operations may be just what you need to get a tighter focus and better utilize limited resources. This may at first seem a downer, but it's really a matter of putting quality over quantity. You cannot be all things to all people, so you have to select what role you can effectively play and divert your assets to support it. Carefully-chosen sacrifices allow all your guns to bear on the target you can't afford to miss.

Issues and Accents: *burdens, defeat, precautions, frustrations, common sense*

Fri Sep 10, 2004 Moon in Cancer (Enters Leo at 07:07 am)

00:42 am **Moon Void Ends: 07:07 am**

02:16 am **Moon Conjunct Return's Venus**

It's a good time to be presenting things in the best possible light and dressing up your reality in its Sunday best. When you look good, you feel good, and you make others around you feel better as well. By surrounding yourself with the trappings of love, desire, wealth, and beauty, you bring those very same elements closer to you, so indulge yourself in order to attract the future wherewithal of self-indulgence. In other words, consider play to be an investment in the future as one good thing leads to another.

Issues and Accents: *partners, decoration, garments, money, harmony*

11:20 am **Moon Conjunct Natal Saturn**

If you are tempted to highlight your insufficiencies, do so in the interest of a better and less wasteful existence. When things suddenly stall, it's usually for a reason, and now's the time to find out why. Don't bash yourself, do improve yourself, you can't overcome your limitations

until you truly know what they are. Similarly, limitations are often imposed because you haven't made sufficient use of what's already on your plate. Say grace, and you'll receive grace.

Issues and Accents: *disappearances, callousness, punishment, embarrassment, abandonment*

07:07 pm **Moon Enters Natal 11th House**

This is a good time to look to close friends for support, either as backing for endeavors you need help with or just for general emotional support and refueling. It's also a good time to tap into others' creativity when your own inspiration well runs a bit dry, and you'll find yourself refreshed as a result. In a similar vein, you may also want to tap into higher resources, both spiritually and financially, to pick up some of their overflow for yourself.

Issues and Accents: *manipulation, choices, defiance, imagination, ideals*

10:06 pm **Moon Conjunct Natal Mercury**

Sudden inclinations to figure things out and think things through are definitely the way to go, and it's a good time to put it down in writing lest you forget it. That's also a good idea because schemes hatched now may be somewhat colored by feelings of the moment that can be wisely edited out after a second look. Keep it simple and don't get bogged down in details for the time being and you can cover multiple topics and issues, solve multiple problems while the inspiration lasts.

Issues and Accents: *fingers, air, Phrasing, skill, letters*

Sat Sep 11, 2004 Moon in Leo

06:24 am **Moon Conjunct Natal Pluto**

The inclination may be to push through to get your way, which for the moment the end justifies the means. Stand back and take another look, however, and you might decide otherwise. When you simply "must" do or have something, you probably shouldn't - at least not to the degree you are contemplating. Such feelings are signals that can get you in better touch with deeper emotions and are better used in that cause rather than in the service of a quick ego boost.

Issues and Accents: *decay, temptation, viruses, nuisances, untruths*

03:47 pm **Moon Enters Return's 10th House**

What people believe you are often seems more important than what you really are, so crafting your public image is critical for success. This is always a mix of real achievements mixed with what's in the eye of the beholder, so make sure that you have both working for you. Find out now what other people, especially your peers, are saying about you and provide information to turn the opinion polls your way. Sometimes a spin doctor is more valuable than an M.D.

Issues and Accents: *organization, principles, self-development, necessity, growth*

09:23 pm **Moon Void Ends: Sep 12, 2004 05:17 pm**

Sun Sep 12, 2004 Moon in Leo (Enters Virgo at 05:17 pm)

09:41 am **Moon Void (Personal) Ends: 05:17 pm**

09:41 am **Moon Conjunct Natal Sun**

This is likely your second most active time of the month, as your inner energies get a boost and you are more likely to be in for some ego-stroking. As greater energy and enthusiasm flow, so

do the opportunities to expend them, so you might take care not to overdo things or you'll drain yourself. This has a "launch-pad" feel to it, so make sure new endeavors begun now are birthed with a steady hand, as well begun is half done and you don't want slips at the starting gate.

Issues and Accents: *freedom, embarrassment, self-expression, promotions, prosperity*

09:46 am **Moon Conjunct Return's Mercury**

This is a time for clearing things up and attempting to be particularly lucid about your current set of plans. New insights can be worked into the picture and details laid out to those who need to be in the know. Bounce ideas off other heads to see a less subjective view of your schemata, then proceed to set things into motion before you lose the freshness of the inspiration. Though feelings may compel, you're best off right now with only what can be expressed clearly in words.

Issues and Accents: *waitresses, commerce, travel, handwriting, trips*

Mon Sep 13, 2004 Moon in Virgo

03:43 am **Moon Enters Natal 12th House**

This is likely the quiet time of the month, a lull in traffic, the calm before the storm of renewed energy that will follow. Retreat and contemplation, with resultant renewal and regrouping, are favored pursuits. Use down time to reconsider your options and make sure you are really on the right course. Inner challenges you grapple with and resolve now will result in more focused and effective action when the time comes for it, which will be shortly.

Issues and Accents: *dreamers, abstinence, the subconscious, time to be alone, disorder*

04:36 pm **Moon Conjunct Return's Sun**

The heart of the matter and the main focus of the month gets its greatest boost now, even if it may not seem so at the moment, so keep your eyes wide open and be ready to jump to the tune when it starts to play. It's a time to whip up enthusiasm, not necessarily to get down to brass tacks, so put on a happy face and spread good feelings around, even if nothing else seems to get done. By engendering warmth and excitement, you focus the flood in your direction and partake not only of your own energy, but the environmental electricity flowing down your wire.

Issues and Accents: *self-esteem, energy, fever, bragging, reputation*

07:23 pm **Moon Enters Return's 11th House**

What you can't do for yourself, maybe your friends can do for you, and a friend in need is a friend, indeed. You don't want to tap your nearest and dearest too often, but asking for help and support occasionally is part of what makes friendship, and you might do that now, even if you're not terribly in need, just to keep relations from getting rusty. A little mutual admiration can go a long way towards lifting your esprit de corps, and a heartfelt hug beats a handshake.

Issues and Accents: *appliances, freedom, anomalies, altruism, lighting*

11:18 pm **Moon Conjunct Return's Mars**

A quick, deft thrust can slay your quarry, but shooting from the hip risks overwhelming return fire. Rash actions seated in annoyance or anger can do a lot more damage than just sitting on your hands and waiting it out. Forceful action can carry the day, but only if it's well thought out

and comes from a cool head, not a hot heart. The opportunity here lies in knowing when to pass and let someone else make the mistake, after which you may capitalize upon it.

Issues and Accents: *glory, armaments, armament makers and workers, harm, conflict, endurance*

New Moon in Natal 12th House

Eruptions of the unconscious could bring both troubles and personal revelations to the surface right now, so you may want to be careful not to betray secrets or let the cat out of the bag prematurely. Don't say the first thing that comes to mind, or you may give away more than you intend to. New deals are being struck behind the scenes with a strong sense of urgency, but they are not necessarily justified, so watch you don't climb aboard the wrong bandwagon right now. Wait until things come out into the open to make decisions, take sides, even though there appears to be advantage in secrecy. Open covenants, openly arrived at, are the better part of honor.

New Moon in Return 11th House

Take a new tack with your close friends this week and you may find that they are resources for you in ways you had not imagined. You can't find out if you don't ask. Propose new ways of getting together and examining and developing your relationships that might add miles to what you do. You will find out a lot without risking a lot - the worst they can do is say no. Similarly, don't be afraid of making a fool out of yourself in front of your superiors - it's not going to happen, and it could show you off in a new light that will bring extra support from unexpected quarters. Wearing your heart on your sleeve can get you everything, with little chance of harm, so don't hesitate to do so.

Issues and Accents: *estrangement, bafflement, service, neglect, unreality*

04:52 pm Moon Conjunct Return's Jupiter

Positive thinking and a generous imagination can now set the stage for increased opportunity and a bigger piece of the pie. The only limits you have are those you impose upon yourself, and now is not the time to do that. Think big, not only for yourself but for those involved with you, so that win-win situations can blossom and lead to ever-expanding possibilities for all concerned. When you invest in others, you invest in yourself, paying dividends to your posterity.

Issues and Accents: *quality, publicity, percentages, good will, muscles*

08:56 pm Moon Void Ends: Sep 15, 2004 00:54 am

Wed Sep 15, 2004 Moon in Virgo (Enters Libra at 00:54 am)

10:51 am Moon Enters Natal 1st House

This is likely your most interesting and active time of the month, when you can project yourself more convincingly and with greater force than at any other time. It's the time to get things done in person, face-to-face, rather than by mail or phone, as your ability to project yourself is at a

peak, as is the inclination of others to accept you at face value. It's a period to make extra space in your schedule, as you're likely to have more to do than you expect.

Issues and Accents: *power, altruism, purpose, self-discovery, exceptions*

12:23 pm **Moon Conjunct Natal Mars**

You may find yourself running into brief spells of irritability and/or impatience, when you want to get on with things but your way appears blocked. It's easy to get into a fight, perhaps even easy to win one, but it's not a good time to choose one. Avoid quarrelsome and contentious people who might get your goat and remember that most battles aren't worth fighting. Snap judgments are usually the worst, and you can't regret mistakes you don't make.

Issues and Accents: *rashness, fire, extravagance, power, struggle*

01:17 pm **Moon Conjunct Natal Neptune**

Intuition runs strong for a bit, and chances are that hunch you have is correct, even if you can't put your finger on it or give a reason for your predictions. The same goes for your people-antennae, which are particularly tuned in to the feelings of those around you. It's easy to drift off into a daydream, or simply fog out at a cocktail party. Operating heavy machinery, however, is less than recommended. Don't try to dream and drive at the same time.

Issues and Accents: *wine, introspection, contrition, poisons, infatuation*

08:57 pm **Moon Conjunct Natal Venus**

Take the opportunity to express the warmth you feel and don't hesitate to display your social charms in a fertile, group context. Flattery will get you everywhere, so you can safely lay it on thick. Self-improvement and beautification are the way to go, but self-indulgence can slip into the middle, so watch that you don't overdo things because you just can't help yourself. Impulse buying is easy to do - be kind to yourself, but watch your wallet.

Issues and Accents: *vanity, peace, games, sensuality, visiting*

09:30 pm **Moon Enters Return's 12th House**

Behind-the-scenes maneuvering can go a long way toward setting you up for the main event, so don't feel you have to tell all right now to get things done. What you don't know can hurt you, so some non-invasive information-gathering on the sly may be just what you need to take some time for right now. Honesty is the best policy, but do no harm is the bottom line. The less said the better right now, and actions will speak louder than words when the time comes.

Issues and Accents: *astonishment, clutter, prohibitions, mistakes, limitations*

Thu Sep 16, 2004 Moon in Libra

06:28 pm **Moon Conjunct Natal Jupiter**

Look for circumstances to further your good fortune and new ways to develop that further your agenda. This is aided by a generally positive, can-do attitude and a feeling that it's all going to work out for the best. And that's an approach that can make for excellent self-fulfilling prophecies. Generosity is the first option, which tends to be returned in kind, and a feeling of being in touch with the general operating system of life gives insight to the heart as well as the head.

Issues and Accents: *order, rewards, advertising, banking, judgment*

09:32 pm **Moon Void Ends: Sep 17, 2004 06:25 am**
11:23 pm **Moon Void (Personal) Ends: Sep 17, 2004 06:25 am**

Fri Sep 17, 2004 **Moon in Libra** (Enters Scorpio at 06:25 am)

03:43 pm **Moon Enters Natal 2nd House**

Attention to cash flow and how to improve its balance in your favor catches your focus, and you'll find yourself basing both attitude and decisions on how much it costs, what it's worth, who wants to buy it. Your innate possessiveness is at its maximum and it may be hard to part with belongings, even ones you need to get rid of. It's also a time for reevaluation of what you think is important to you and why you consider it so, getting your ducks in a row and making critical choices.

Issues and Accents: *profit, finances, context, isolation, tiredness*

09:41 pm **Moon Enters Return's 1st House**

This marks a period when it will benefit you most to use your personality as the winning card in any game you are playing. It's the time to make that sale, impress that client, charm that lover, and play to the audience. Don't try to impress them with statistics or your track record, just wow 'em with the way you come on, with the conviction you have in what you present. This is the month's window for being on-stage, so take the opportunity to light up when it's presented.

Issues and Accents: *pride, desires, launchings, blunders, a debut*

Sat Sep 18, 2004 **Moon in Scorpio**

Sun Sep 19, 2004 **Moon in Scorpio** (Enters Sagittarius at 10:30 am)

03:37 am **Moon Void (Personal) Ends: 10:30 am**

08:24 am **Moon Void Ends: 10:30 am**

06:34 pm **Moon Enters Natal 3rd House**

Getting the word out, making connections, tying people and things together are the focus, and you can expect more phone and mail activity than usual, so adjust your schedule accordingly. It's a good time for touching base, but not ideal for in-depth conversations which may be put off until you have more time to get into them. Technical matters, networking, and anything that involves media are on the front burner, and machines can take on a life of their own, albeit briefly.

Issues and Accents: *speech, traffic, sales, versatility, accuracy*

08:54 pm **Moon Enters Return's 2nd House**

This month's finances are best dealt with, or at least planned for, during this two-day stretch. Make decisions, allocate funds, plan a budget, write checks, anything that can go towards wrapping up your money issues for the month. Once these issues are out of the way, you can move on to networking on your next set of issues. This is the time to count your recent winnings, impact any losses, and see what your bottom line is going to fund for you in the near future.

Issues and Accents: *regret, quantity, burden, wages, momentum*

Mon Sep 20, 2004 Moon in Sagittarius
05:44 pm **Moon Conjunct Moon's South Node**
07:53 pm **Moon Conjunct Return's Pluto**

You may have to briefly force someone's hand in order to win this round, but that's all part of the game, so don't flinch at the possible necessity. Also don't be surprised if turnabout is fair play and you find yourself the subject of a force play. The bottom line is to remember that it's more than just your game and you can only win if everybody gets to the finish line. Don't try to overwhelm pockets of resistance, however, as a Pyrrhic victory is an empiric defeat.

Issues and Accents: *extremes, rejuvenation, the subconscious, riddles, obsessions*

Tue Sep 21, 2004 Moon in Sagittarius (Enters Capricorn at 01:36 pm)
06:50 am **Moon Void (Personal) Ends: 01:36 pm**
12:20 pm **Moon Void Ends: 01:36 pm**
11:42 pm **Moon Enters Natal 4th House**

A general inclination to hold back and go inside for inspiration holds sway, which can lead you to tend home affairs or simply to withdraw a safe distance to consider what's important and what your next move will be. Similarly, it's a good time to refine defense strategies and patch up those fences that separate you from the neighbors and the outside world, literally and figuratively. When you are sure of your boundaries, you can more safely go beyond them.

Issues and Accents: *structure, completion, lodging, intimacy, community*

Wed Sep 22, 2004 Moon in Capricorn
00:07 am **Moon Enters Return's 3rd House**

It takes a village to get anything done, which means to get things moving you've got to talk to everybody in town. If you take this time to be the great communicator and unify your social network you will find there are plenty of hands to go around getting it all done. Open new avenues of discussion that focus not on theory but on everyday nitty-gritty, things that grease the skids for all concerned and avoid wasted time by getting rid of repetition, misunderstandings.

Issues and Accents: *juveniles, gossip, papers, gas, haggling*

Thu Sep 23, 2004 Moon in Capricorn (Enters Aquarius at 04:10 pm)
04:45 am **Moon Void (Personal) Ends: 04:10 pm**
03:41 pm **Moon Void Ends: 04:10 pm**

Fri Sep 24, 2004 Moon in Aquarius
02:25 am **Moon Enters Natal 5th House**

This is a very open time of month, when spontaneity and warm feelings can flow more easily, and the creative and romantic urges compete to hold sway. A good time for connecting with children or for taking a little time off for fun and frolic. Risk-taking is easier, and you're likely better at it now, though don't go out on a limb unless you're sure. Don't push for concrete steps, but go with the flow and let things happen and the results will surprise and delight.

Issues and Accents: *performance, sex, play, arrogance, love*

02:29 pm **Moon Conjunct Return's Neptune**

Trust your feelings and try to harness your intuition, which is favored. Although goals are different from dreams, you must dream to have goals, and it's at times like this they are born. The seeds of the future are borne on the wind, and when reveries come to roost, the fantasies of tomorrow become the accomplishments of today. But like a hall of mirrors, only one of the images is you, and you will have to find out which one that is, in order to make it come true.

Issues and Accents: *obsession, holidays, sympathy, intuition, clarification*

08:19 pm **Moon Enters Return's 4th House**

Attention to laying the foundations of what you are going to do and be for the month is the order of the day. Build from the ground up and don't start on the first floor until the basement is done. You don't have to complete it all right now, but have the order determined and your materials ordered so you don't have to go back and draw up altered plans later. Where you've already put it all together (or mostly), tidy up the joint, set your house in order.

Issues and Accents: *basement, darkness, preservation, apartment, family*

Sat Sep 25, 2004 **Moon in Aquarius** (Enters Pisces at 06:56 pm)

02:26 am **Moon Void Ends: 06:56 pm**

12:08 pm **Moon Void (Personal) Ends: 06:56 pm**

Sun Sep 26, 2004 **Moon in Pisces**

02:38 am **Moon Conjunct Return's Uranus**

Taking risks on sudden, far-out ideas may generally be inadvisable, but this may be just the time to do it. Sudden flashes of insight may cut through the normal, humdrum solutions and start you thinking out of the box. Don't just throw caution to the winds, but don't hesitate to try something new and different this month if it seems appropriate to the occasion. Remember, however, that doing so may change more than you think and could have you off balance unless you take a flexible stance.

Issues and Accents: *deviation, contradictions, outlets, friendship, novelty*

04:24 am **Moon Enters Natal 6th House**

This period has a bit of a "back to work" flavor, where picking up stitches and buttoning down projects is the flavor of the day. Where you have gotten off schedule, either at work or in your personal habits or health regiment, now is the time to make the correction and get back on track. By strengthening routine so it runs by itself, you free your hands for more important things down the line and prevent untimely trip-ups from overlooked details at the last minute.

Issues and Accents: *accountants, clinics, excellence, particulars, dedication*

06:51 pm **Moon Enters Return's 5th House**

Making the most of playtime can do as well for you as the most earnest work, and setting time aside for recreation and generally creative pursuits will serve to refuel and reinspire the rest of the month. The works of your life are your children as much as any son or daughter, and when they are conceived and nurtured in love, the result can only bring reward. So, listen to the natural soul inside and take some time now to bring those inner voices into the sunshine.

Tue Sep 28, 2004 Moon in Aries
08:45 am **Moon Enters Natal 7th House**

Personal relationships can be put into focus now, and you may find that you can share your emotions and responsibilities with a partner who will take a load off your back. By giving credit where it's due and avoiding competition or jealousy you will find you often receive more than you give, but then that is what usually results from an open hand and heart. Fairness is at a premium right now, so go out of your way to see that everyone is on an equal playing field.

Issues and Accents: *matrimony, denial, inequality, opposition, meetings*

09:10 am **Full Moon**

Full Moon in Natal 7th House

This is a wonderful time to let your partner shine and just lay back and appreciate it all. That can mean enjoying the fruits of your mutual labors wrought by the relationship, or it can mean finally fully connecting with someone you've been developing something special with for a while. In either case, the rewards of connecting closely will take center stage, and you can lean on the familiarity you both already have to support what comes next. This can apply equally well in business as in romance, as long as you're dealing with an equal on equal ground. The essence is that you bring things to full bloom right now, so you can begin harvesting what you have sown.

Full Moon in Return 5th House

You may be called upon to pick your pleasure right now, so it's time to focus in on the pastime or person that is really your month's fave. That means you don't have to give up all the rest forever, just put your full attention on one right now and see how doing it to the fullest works out. That can mean concentrating on one child, picking one sport to play, visiting one interesting place, indulging in one kind of food, exploring one style of music, and so on. It's time to pick and try pursuing one all the way. If you are really creative, you can combine several at once so they work together, one reinforcing the next. In general, it's playtime, but follow through with it, don't just dabble.

Issues and Accents: *matrimony, inequality, relationships, opposition, meetings*

07:22 pm **Moon Enters Return's 6th House**

The daily structure of your life and work is often taken for granted and so can fall into disrepair. This is a time to reinvent the ordinary and make it special, to see that the habits and methods that make up your daily operations actually serve the purposes for which they were intended. By being a do-it-yourself efficiency expert, you can make this month more productive and less boringly repetitious. If it works, embrace it. If it doesn't, erase it.

Issues and Accents: *personnel, compliance, civil servant, weather, food*

Wed Sep 29, 2004 Moon in Aries
09:54 pm **Moon Void Ends: Sep 30, 2004 05:25 am**
09:59 pm **Moon Void (Personal) Ends: Sep 30, 2004 05:25 am**

Thu Sep 30, 2004 Moon in Aries (Enters Taurus at 05:25 am)

11:40 am **Moon Conjunct Return's Moon's Node**

This is a time when the fox comes into view and the chase is begun, but you may not want to participate in the hunt, so take stock before you go galloping off. The opportunity for emotional or financial attachments and the responsibilities they entail may be something you want to pass on for the moment. Today's blithe commitment all too often becomes tomorrow's burden, so be sure that you really want it before you saddle yourself with more than you may want to carry. This does not mean avoid commitment altogether, but that many call and only a few should be chosen.

03:22 pm **Moon Enters Natal 8th House**

Credit can be looked at creatively and used to maximum effect, with particular attention to raising your limits without overtaxing yourself. Recycling efforts may pay off by repurposing something you would have otherwise disposed of. A glance back to the old ways of doing things can inspire and even pay off as you realize there's nothing really new under the sun. Taking out the trash, once you have decided what it really is, can feel like a fresh, new start.

Issues and Accents: *threats, endings, deficits, gifts, debt*

09:49 pm **Moon Enters Return's 7th House**

There is no greater opportunity in life than another person, and your ability to partner well now can turn this period into a cornucopia of possibilities that would not be available operating solo. Don't expect to luck into a good relationship - the best ones are carefully built and meticulously tended. Creating and maintaining space for both to operate comfortably in is the key to making a partnership more than just two people making do. Tend to each other's houses and hearts.

Issues and Accents: *backbiting, cohabitation, sociability, dissension, fairness*
